That it is About Time You Were Getting That Cultivator to Cultivate Your Crop?

Better not to wait too long and let the weeds get the start on you. Good cultivation is one of the principal essen-

tials to a good barvest.

The John Deere Cultivator embodies all the latest improvements; the balance frame, levers in easy reach, easily adjustable, light draft. The rigs or beams are as strong as can be built, yet they are light and easy to handle. We have them both with spring trip and break pin, straight and parallel beams. The foot pieces are easily adjustable and any

We have the Corn Cultivators (Go-Devils), both with and without side knives. The disc gangs on these diustable with levers. Call at our store and we will take pleasure in showing you any of these "Go-Devils" are east plows. Don't forget the place.
